Dear Phil,

Apologies for taking so long to say thank you properly for all you're hard work this summer in changing our garden from something quite shabby and dreary into something we can now really begin to enjoy.

I was extremely impressed with your professionalism and it's was very pleasing from my customer perspective to see someone actually take pride in their work. Nothing appeared to be too much trouble and you were always willing and helpful to accommodate any changes throughout the process. Have sent a few photos which clearly show the fruits of your labour and I hope to put the finishing touches to the borders in due course.

I wish you all the success for the future and hope you do not change the way you approach any future work. I would not hesitate in recommending you to anyone who is looking to transform their garden.

Yours sincerely

Mr P. Evans

PS Will be ringing you once I start organising our next house move.
